JAMES KYLE, 114 Warren St., New York, furnishes to the trade all sizes of plain and fancy colored Tea Caddies, holding from 2 to 30 lbs., labelled fac simile of the latest cargoes of green and black Teas, having every appearance of original packages, and being made neat and light, and so that the smaller ones will nest in the larger ones, can be transported to any part of the country at a small expense. Merchants from the South and West would find the plan of putting up Teas at home much cheaper, and more satisfactory, than to have them re-packed in New York; and extra fine Teas put up in 6, 8, 10 and 15 lb packages, will sell more readily, and at a better price, than by the chest. Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. Dealers will please call and examine as soon as they arrive in the city, that time may be had to get them up to order, in time to ship with other goods. INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 30, 1855.
INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against
LOSS OR DAMAGE BY FIRE.
This is a new Company, organized the 28th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual system in one Company.
This Company commenced business with a capital of $50,000, and have already issued upwards of 250 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.
The recent failures of several of the old *Stock Companies*, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the Stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.
As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk, in Village, within a circle of 4 rods diameter which of course will prevent very great loss at one fire.
Applications for Insurance, respectfully solicited.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by LEAVING THEM ALONE.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.
The best of references given as to the responsibility of the Company.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $165,000—in Cash and Premium Notes.
THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

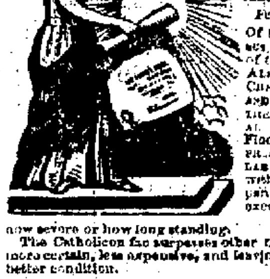
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PREEMINENT for its curative powers in all the diseases for which it is recommended usually called
Female Complaints.
Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites;—Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.
I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 5th, 1854. New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruations, and diseases of irritation of the [illegible] organs.
D. Y. [illegible] D.,
[illegible] N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

IMPORTANT TO
Wholesale Grocers
AND TEA DEALERS.

JAMES KYLE, 114 Warren St., New York, furnishes to the trade all sizes of plain and fancy colored Tea Caddies, holding from 2 to 20 lbs., labelled fac simile of the latest cargoes of green and black Teas, having every appearance of original packages, and being made neat and light, and so that the smaller ones will nest in the larger ones, can be transported to any part of the country at a small expense. Merchants from the South and West would find the plan of putting up Teas at home much cheaper, and more satisfactory, than to have them re-packed in New York; and extra fine Teas put up in 6, 8, 10 and 15 lb packages, will sell more readily, and at a better price, than by the chest. Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. Dealers will please call and examine as soon as they arrive in the city, that time may be had to get them up to order, in time to ship with other goods. A List of Prices will be sent to any address, by mail, that may desire it.

INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 30, 1855.

INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual system in one company.

This Company commenced business with a capital of $50,000, and have already issued upwards of 250 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old *Stock Companies*, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk, in Villages, within a circle of 4 hundred feet diameter which of course will prevent very great loss at one fire.

Applications for Insurance, respectfully solicited.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.

IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints.

Of these are PROLAPSUS UTERI, or Falling of the Womb; FLUOR ALBUS, or Whites;— CHRONIC INFLAMMATION AND ULCERATION OF THE WOMB; INCIDENTAL HEMORRHAGE, or Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 5th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the [illegible] organs.

Turning State's Evidence.

[illegible] Madison *Democrat*, late organ of "Barstow and the Balance," alarmed at the signs of the [illegible] and seeing no means of escape from [illegible] with sure by abandoning its recent [illegible] and turning state's evidence has evidently made up its mind to the job and now [illegible] devotes its columns to the exposure of the [illegible] of the profligate mismanagement of the [illegible] administration. Here is a sample from [illegible] paper:

[illegible] treasury; An annual expenditure [illegible] hundred thousand dollars! a State [illegible]

[illegible] are the facts—

[illegible] indeed, as the People know to their [illegible] they know, too, that they have to [illegible] "Barstow and the Balance" for them. The annual expenditures of this State, under [illegible] prudent management, could easily be [illegible]. Instead of that, "Barstow and the Balance" by dint of mismanagement, corruption and extravagance, have swollen [illegible] upwards of $300,000. Indeed we are [illegible] in saying that the two years of [illegible] administration will cost this State [illegible] SEVEN HUNDRED THOUSAND DOLLARS [illegible] for the exposure and defeat of [illegible] Asylum Swindle, the aggregate [illegible] nearly ONE MILLION! [illegible] the *Democrat* print in italics and [illegible] attention to these startling *facts*:

[illegible] Treasury—Annual expenditure [illegible] hundred thousand dollars; a state [illegible]

[illegible] mark the "official" revelation [illegible] year, when the *Sentinel* proved, by [illegible], that the expenditures of 1854, were up [illegible] the *Democrat* and other Barstow [illegible] to brazen the matter out, and [illegible] aggregate down to some $225,000. [illegible] they admit, what they can no [illegible], and join in the general cry, pealing over the State, to stop "the Forty thieves," [illegible] only mode of escaping themselves from [illegible] punishment which awaits [illegible] of the tribe.

The New York Tribune.

On Tuesday, the 10th instant, the New York *Tribune* was fourteen years old, having first seen the light on the 10th of April 1841. The day was appropriately celebrated by the editors, reporters and *attaches* of the office by a "Maine Law" dinner at the Irving House; Horace Greeley, the Editor-in-Chief, being the guest of the [illegible], as he was to sail on the following day for Europe to be absent several months.

The *Tribune* on its 15th birthday, had attained an aggregate circulation of 176,810 copies, thus distributed:

Daily [illegible]	25,000	Weekly Tribune,	127,000
Semi-Weekly,	13,000	European,	5,000
		Special for California,	7,000

No newspaper publisher in this country at all approaches it—in circulation, any more than in [illegible] and influence. It is, indeed, the [illegible] of the *Western Continent*, and in most respects a faithful exponent of public opinion [illegible] creditable representative of the genius of the American People.

The circulation of the *Tribune* among the several States and Territories of the Union, is thus stated, Wisconsin *being seventh* on the list:

[illegible]	6,024	New-York	58,471
[illegible]	6,221	New-Jersey	3,483
[illegible]	5,549	Pennsylvania	10,602

A True Bill.—The Madison *Democrat*, in its newly awakened zeal for Retrenchment and Reform (the late Legislature having effectually [illegible] it on the other tack) charges the said Legislature with appropriating $1000 to the assistant Clerks in the two Houses, in violation of [illegible] contempt of the Constitution. We think the charge well founded and do not believe that the Legislature could rightfully make any such appropriations.

Pursuing its theme, the *Democrat* asks:

What now will the hired apologist and defender of this "*model Legislature*" say? What [illegible] for so bold a wrong—not only for the reckless extravagance manifested, but for the violation of the constitution which they were sworn to support?

We want to hear what the Democratic Senate, which passed, and the Democratic Governor who approved these appropriations and thus participated in so bold a wrong, have to say in answer to this home-thrust of their *quondam* friend and organ.

The Militia in the Field—Barstow for President.—The Madison *Democrat* publishes the proceedings of a meeting of "the Sauk County Rifle Company and citizens of Sauk City, held in honor of Wm. A. Barstow," Governor, &c.—[illegible] two of the resolutions adopted, as [illegible] samples of the lot:

Resolved, That we fully approve the position of the Governor in withholding his approval from the Prohibitory Liquor Bill, and his reasons [illegible].

Resolved, That in view of the fearless patriotic manner the Hon. Wm. A. Barstow managed the affairs of the State, that we regard him worthy of *the highest office in the gift of a free people.*

Col. Crocker of Milwaukee, has been appointed by the *President* one of the Board of Visitors at West Point. The Colonel having been one of the leading members of the defunct *Jenny Lind* [illegible], is undoubtedly a first rate *tactician*, and the appointment may therefore be considered a good one.—[Fond du Lac Union.

We felicitate our brother of the *Union* upon his discovery that the "Jenny Lind Club," which has cost him so many anxious hours, is really "defunct," and sincerely hope that he may never be disturbed by its ghost.

The Mexican Revolution.—Advices from Acapulco say the revolution is proceeding rapidly towards a conclusion—city after city in the state of Guerrero having surrendered to Alvarez—who, it was supposed, would not long delay a triumphant entry into the city of Mexico.

☞ Somebody in Fond du Lac, has been inspired by Gov. Barstow's Prohibitory Liquor Law Veto, and contributes some *stanzas* to the *Union*, of which we copy the closing one, as a specimen brick:

Then [illegible] fill in a generous glass,
[illegible] "saints" to the Bamizo address-'em,
[illegible] round, round let it pass,
[illegible] Barstow and God bless him!

No Liquor License in Louisville.—The people of Louisville have voted by a large majority, that no more licenses shall be issued to drinking houses in that city. The *Journal* has no doubt that, in consequence of this vote, Louisville will become a better and more prosperous city.

Fourth Judicial Circuit.—The result in this Circuit is still in doubt. Mr. Flint has 2039 majority in Fond du Lac and Winnebago, and Mr. Gorsline has 1240 majority in Sheboygan. Manitowoc and Calumet remain to be officially heard from. They have given considerable majorities for Gorsline, but whether enough to elect him, is not yet known.

Staple for the Crimea.—Seventy-five tons of [illegible] has just been put on board of a vessel at New York, bound to Constantinople, and 45 tons more are ready. It is all in German "*Krautsers*."

Correspondence of the Sentinel.

CHICAGO, April 12th, 1855.

MESSRS. EDITORS:—Having spent the last fortnight here, I thought I would give *you* my impressions of this boasting, go-ahead city.

The principal features here at the present time, are the filthiness of the streets and the *speculative spirit* which is *rampant* all over the city.—In fact, land speculation appears to be the principal business that is carried on, although other departments are not idle. The result is, everything is up to the top notch, and the cost of doing regular business here is immense. Rents are up beyond any precedent;—the cost of living is beyond any precedent, if we except the *early* days of San Francisco. To such extent has the speculative spirit been carried, that rents are up beyond New York prices. While the newspapers are crying up the prices of corner lots, the sheriff is crying off the goods and chattels of the unfortunates who have been induced to embark *in business here* by the glorious representations of the press.

There is no inducement for mechanics, or manufacturers to come to Chicago. Wages are *fair*; but the cost of living is 50 per cent. above what it is in eastern cities. Rents of dwellings are beyond conception. The landlords calculate to receive back the cost of money in a twelve month. Hundreds are leaving for the lack of work; others because they cannot do business here at any profit. There is a *general "skinning"* all around, and as to the man of limited means, who comes here and attempts to do business, the landlords are after him for all the profits, and the *sheriff for the balance*.

If you want to see the sublimity of speculation, come to Chicago. Legitimate business is a secondary matter. *From three to five per cent. a month* is the rate for money; and as speculators pay it, and merchants, and manufacturers, and mechanics, have to pay it, so that everything is done to a disadvantage, and at a high cost.

Notwithstanding the many railroads here, there is not so much grain in store as in Milwaukee.—And when the *M. & M. Railroad* is completed as per contract just entered into, Milwaukee will take the trade of the upper Mississippi, as the nearest and most direct route.

There is *not much* doing in railroad construction in this state at present. The Illinois Central is finishing up. It will have to borrow and expend three or four millions more, before it is fully completed. Its debts, bonds issued, will reach $24,000,000 before the whole line is finished and ballasted. And to meet deficiencies on interest, above the net proceeds of the road, will require at least $10,000,000 to be borrowed in the next ten years. So that, notwithstanding the donation of 2,500,000 acres of land, the speculation is not going to be a heavy one, but rather a losing one—it being a north and south road, whose receipts will not compare with those running east west. And then there is great wastefulness and extravagance in its management and speculations out of the company, by some of those in the Direction.

The election on the Maine Law, and of Judges takes place on the 5th of June, and excites already considerable interest. The people will sustain the Prohibitory law, and are determined to have Judges who are sound on the Wisconsin principle, with reference to the Fugitive Slave Law. O. S.

LITERARY NEWS.—General Pierce is said to be negotiating with one of the cheap-book publishers for bringing out his first work, "Nebraska-Nockings, or Campaign Catastrophes."

N. Y. CANALS.—WILLIAM J. MCALPINE, late State Engineer and Surveyor, and CHARLES COOK late Canal Commissioner, propose to contract with ample security, to *keep all the canals* in the State in good repair, for the sum of $700,000 per annum. This is $432,000 less than it cost the State last year, and would be a saving to the State in ten years of four and a third millions of dollars.

News from California, Oregon, Utah &c.

CALIFORNIA.—The Sunday bill prohibiting barbarous and noisy amusements on the Lord's day, had passed both branches of the Legislature and gone to the Governor for his signature.

A bill to prohibit public gambling would very likely pass the Legislature; and the friends of temperance were not without hope of obtaining the passage of a prohibitory liquor law at the present session.

A bill to prohibit raffles, lotteries and gift enterprises had passed the House. The bill suppressing houses of ill fame had passed both Houses.

OREGON CONGRESSIONAL DELEGATES.—A Whig Territorial Convention is called to meet at Corvallis on the 18th of April, to nominate a candidate for Delegate to Congress. The Democratic Convention is to be held at Salem on the 11th of April. The election takes place in June. On the side of the Democrats, General Lane, the present delegate, Judge O. C. Pratt, and Dr. Drew, are candidates for the nomination. Quite a sharp warfare is going on between the friends of Pratt and Lane. Dr. Drew is from Umpqua County, and is the candidate of Southern Oregon.

Resolutions have been introduced in the Oregon Legislature, censuring the Pacific Mail Steamship Co. for their mismanagement of the mail service.

UTAH.—THE MORMONS.—Advices are, *via* San Francisco, to Feb. 7. The Eastern mail arrived at Salt Lake City on the evening of Feb. 6.—This arrival brought intelligence of the appointment of Colonel Steptoe as Governor of the Territory, *vice*, Brigham Young, Harris, Secretary, *vice*, A. W. Babbitt, and some other changes.—The news took the Mormons by surprise, but our informant thinks no open opposition would be exhibited.

On New-Year's Day quite a serious collision took place between the United States soldiers and the citizens at a drinking shop. Fire-arms were freely used, and seven or eight persons were shot, but fortunately none of them were killed. Two of the soldiers were severely wounded, and for a time it was thought they could not recover. The Mormons ordered out the "Legion," threatening to destroy the whole batalion of United States troops in the city under Col. Steptoe.—The three companies of United States troops were quickly under arms—they strengthened their position, and waited for the assault of the "Legion," which was every moment expected. *This state of quasi warfare lasted for three days*, when calmer counsels prevailed and hostilities ceased. As the affair grew out of a drunken fit, an order was issued by the civil authorities for bidding the further sale of ardent spirits in the City.

The Territorial Legislature of Utah, at their late session, passed an act organizing Carson Valley into a county of that name. They adjourned Jan. 19. They had appointed one Styles as District Judge, and Orson Hyde as Probate Judge of the county. From the temper of the inhabitants of Carson Valley, very few of whom are Mormons and most of whom have applied to be incorporated into the State of California, it is probable these appointments would be received with little favor. Styles is notoriously incompetent, besides being very dissipated. Orson Hyde is President of the "Twelve Apostles," and is one of the leaders of Mormonism.—Among other legislation, was the passage of an act called the "Gift law," by which the faithful are to vest all their real and personal estate of every kind in Brigham Young.

HEN INVENTION.—One of the most serious obstacles in the way of keeping hens about the house, has been their hitherto unconquerable predilection for scratching up gardens. We *learn from the Oswego Palladium*, that an ingenious Yankee has at length discovered a remedy for this difficulty, and is taking measures to introduce it into general use. It consists of a small instrument somewhat resembling a very long spur, attached to the hind part of a hen's leg.—The instrument is so arranged, that when the hen is about to scratch the earth, the spur catches in the ground before the foot has fairly *descended*, and obliges her to bring the foot down quietly and harmlessly, a little in front of the place she had aimed at. The hen thereupon tries the other foot, with a like result. She keeps on trying, and before she is aware of it, the machine has walked her *right out of the garden*.—[Detroit Advertiser.

A STRANGE BIRD.—We cut the following from a city exchange:

The scoundrel who took the canary with a pug nose, red face, and a light overcoat, is requested to return it immediately to 28 Willow street, as the bird is a valuable one, from whom no questions will be asked."

WINTER WHEAT.—Passing over a portion of the eastern part of this County within a few days, we were led to make inquiries of the farmers as to the prospect of the present crop of winter wheat, and received the almost universal reply that it was in fine condition, and indicated no abundant yield the coming season. Some fields are already beautifully mantled in green verdure.—[Jeffersonian.

MARQUETTE, April 11th, '55.

MESSRS. EDITORS:—I have not received the official returns of this county on the election of Judge, but I think you may safely set this county down at from 5 to 800 majority for Cole, certainly not less than 500, but I think it will be nearer the latter figures.

Adams Co.—A Unanimous Town.

A subscriber writes us from Mauston, Adams Co., that he went to the polls about noon of the day of election, and finding that no votes had been cast for Judge, he set himself at work writing ballots for Orsamus Cole. He says:

"Our town has never polled but 33 votes at a town meeting before. We now polled 99 votes; Cole got 84 votes, and Crawford *none*. I think Cole would have got the 99, if I had been there all day, but some had voted and gone home."

It was a good day's work for a true Republican, and shews what one man can accomplish when he goes earnestly at work in a good cause.

ANOTHER MURDER.—We received *last evening*, the following note from Racine, relative to the body found at that place recently, and supposed for some time to be that of Carroll:

RACINE, April 14th.

MESSRS EDITORS:—The body found here the other day at the foot of 5th street, has been identified as the body of James Flanigan, resident of Milwaukee. His clothes were found about three miles north, on the Lake Shore. He was wounded by a bullet in his chin, which knocked some of his teeth out. He was stabbed in several places on his body. There is no doubt but that he was murdered. The verdict of the Coroner's Jury will be given to-night, and will probably be in the form of all verdicts where they know nothing about it—"found dead," and looking suspicious of murder.

Sabbath School Missionary Labors in Wisconsin.

By the American Sunday School Union.

MESSRS. EDITORS: In the absence of the Annual Meeting of the Wisconsin S. S. Union for the past year, through which the Sabbath School Missionaries in our State have severally reported their labors, permit the undersigned, thro' your journal, to lay before your readers a condensed view of the labors of the S. S. Missionaries in Wisconsin, since the 1st of February, 1854, to the 31st of March, 1855, and a few reasons for the vigorous prosecution of this *pioneer* work, the *planting* of the S. S. at the earliest period possible in our new settlements, and the supplying of the settlements with moral and religious reading, either by sale, or *donation*, in part, and to ask their sympathies, that the S. S. Missionaries may receive a *hearty* welcome, and secondly, all the *material aid* they can render, that the implements (the S. S. Library) may be placed in the hands of the S. S. Missionaries to organize a S. School in every settlement, when the number of children and youth will warrant it, and lastly, to request their prayers for the S. S. Missionary in his laborious and self-denying work, and the millions of pages of S. S. reading scattered by them and read by tens of thousands of children and parents, may, by the blessing of our Heavenly Father, be as seed sown on good ground, that shall bring *forth good fruit, some thirty, some sixty,* and some an hundred fold.

There have been engaged during the past season, eight Missionaries, from *one to twelve* months. Aggregate am't of service *four years.*

The No. of new schools organized	125	
" " " assisted and visited—Red	250—	375
The No. of scholars in new schools	4,407	
" " " " old "	12,224—	16,631
" " teachers in new and old schools		2,112
Am't sold by Miss., and at Depository in Milwaukee	$2,709,73—	
Am't donated to new and old schools	$1,230,54—	$3,939,27

Which is equal to **39,000** *volumes* of 190 pages, or **7,410,000** *pages* of religious and moral reading matter. No. of families visited, 2,547. 371 addresses delivered to Day and Sabbath schools and congregations. To accomplish the above work the S. S Missionaries have traveled in all weather, early and late, **10,300** miles.

To meet the am't donated $1,230,54, by the S. S. Missionaries the past year to the old and new schools, we have received from individuals, S. Schools and Churches less than $650, leaving a balance of $980 to be met as usual by Sabbath Schools and the friends of Christ at the East through the American S. S. Union.

WORK TO BE DONE.—*At least 150 settlements* in our State, now destitute of the S. S., ought to be supplied the present season, and double that number of old schools need further assistance to give them permanency and efficiency. To supply these 450 Schools with a proper am't to secure success to the effort we will need to donate at least $1,250. This, added to am't that would be purchased, we would be able to put in circulation in those 450 *settlements* near $4,000 worth of religious literature, *unequalled in adaptation, talent and spirituality.*

Dear Breathren and Sisters in Christ: We ask you to give the subject the thought and attention which *its importance demands*, that the tens of thousands of youth in our state, out of the S. S., may be gathered in to the nurseries of piety, and "taught the fear of the Lord," and that a taste may be cultivated for that kind of reading that will enlighten the mind and elevate the affections, and arm them as true men, in the defense of Temperance, Righteousness and Civil and Religious Liberty to all.

In view of the above and what has been done by the East for the last twelve years in supplying Missionaries with Sabbath School literature through the American S. S. Union and the urgent necessity of prosecuting the work with increased zeal and energy to meet the rapid advance of emigratoin north of the Fox, on the line of the Wolf, Upper Wisconsin, Lemonweir, La Crosse, Black and Chippewa Rivers, and give them the S. School and S. S. Library.

We make an appeal to the friends of Christ and of the moral and religious instruction of the *youthful masses in our State*, to give the S. School Missionary cause a time and place in their list of benevolent benefactions, second to none save the preaching of the Gospel by the *living ministry.*

This is truly the work of *home* evangelization, a caring for our own household, and escaping the reproach of being "worse than an infidel."

Donations may be sent to the undersigned 30 Spring st., Milwaukee, or the Rev. B. C. Church, Wyoming, Iowa Co., Wis.

Agent of Am. S. S. Union.

False Representations and Facts.

The Port Washington *Zeitung*, a German paper, which we have always supposed to be a straight forward anti-Barstow organ, came out last week, under the black flag, and was subservient to the dictates of the few of the "Balance" who inhabit these parts.

Its columns of last week seem to be almost entirely devoted to the *results of the election*, and very foolishly equivocates from the truth by calling it a "Republican victory." We assert that there is not an honest man, be he German or American, but what will pronounce the *Zeitung* in error, and give it its right and proper name —an issue made by the Know-Nothing Germans *in order to elect a straight German ticket.* But it appears their plans were not successful in obtaining their ends. *Democrats, Whigs, Republicans, irrespective of party*, polled together, the result of which was the entire defeat of the Know-Nothing, Barstow ticket, and the election of the people's ticket, which a few of the Germans, who had good sense enough to act like Americans, proving that they would stand by the American flag, either in peace or war, put their shoulder to the wheel, and with right good earnest, helped to achieve this glorious victory.

The scanty remains of the "Balance" can now meditate with their heads cut off, and we doubt if ever they rally under that *detestable flag* again, but as eager politicians they will no doubt make an effort to scale the walls of Pure Democracy, and sneak in at some window, in hopes that by future good behaviour, they may yet succeed in obtaining some petty office at the hands of honest men.—[Ozaukee Advertiser (dem.)

The Legislature Adjourned—Another Prohibitory Law Vetoed.

From Hon. Wm. Cole, member of the Assembly *from the Beetown district*, who passed through this place on his way home, Tuesday evening, we learn that the Legislature adjourned on Monday morning last. Also, that the Governor, on the Saturday previous, sent in his veto of the new Prohibitory Liquor bill. This bill was framed, according to the judgement of prominent lawyers about the Capital, *so as* to do away with the objections of the executive in his previous veto message on this subject. But Satan like, he persists in his exertions to spread disease and death among mankind; violates the wishes of a majority of the people, and the same twice expressed by the Legislature. There is a deep, yet hidden meaning in all this, a plot intended to sway the people, as the wind doth a reed, but in which *their* utter extermination is inevitable.

When this same Governor was a candidate for the office he now holds, he wrote a letter, saying; "If a majority of the electors vote in favor of "such a law and the representatives of the people "pass a constitutional act, I shall feel it my duty "to, and will approve the same." What he considered a *constitutional* act will probably never come to light, and when he penned those lines he intended it never should; he played his cards well, and thereby secured his election. His supporters then, many of them at least, turn a cold sholder to him now; he has shown his hand too openly on the side of despotism. No Prohibitory Liquor Law can be approved by him—his veto of the Janesville city charter is a sufficient guaranty of this fact, the obnoxious part being a provision for liquor prohibition in that city.

We do not intend our sayings in favor of temperance to be construed as antagonistic to those expressing opposite *opinions*, but to the *men* whom we put sufficient confidence in to place in their hands the responsible trust of giving us wholesome laws; and it is when that trust is wantonly violated, that we make war against them and their acts. Such is the unenvious position of "Barstow and the Balance" at the present time. —[Potosi Republican (Dem.)

GREAT INCREASE OF TRAVEL.—The Sunday police of Rochester say they never saw so much Sunday traveling as there is now-a-days. Carpet bags and valises are moving in all directions. Occasionally they meet an old "bruiser," with his valise in hand, who has wrestled there in Rochester for a quarter of a century with "Old Alcohol," and hail him familiarly by his name. No answer is received—he is a total stranger in town—don't know the police and *don't want to* know them. Such travelers, however, very often towards evening, on Sunday, become more familiar with the police, and after losing their baggage sleep in the watch house.

Another Body Found in the River, and Another Murder!

It does seem as if the last winter has been indeed a season of terrible crimes, for the river and lake are almost daily giving up the mangled bodies of men who have been deprived of life by foul violence.

On Saturday, some men at work in the shipyard near the bend of the river, discovered a singular looking object floating, which was ascertained to be the head of a human body. It was drawn ashore, and found to be the head and trunk of a man, much decomposed, and seeming to have been in the water about 3 months. The mangled remains had been placed in a cotton bag, and this again enclosed in a large coffee bag, which was tied fast, by a sailors knot, around the neck of the body. A deep cut, with a sharp instrument, had been made through the skull and brain, the throat was cut, as if by an axe, the bones of the neck showing the cut, and both legs were hewed off, close to the trunk. It seems quite probable that the legs had been placed in the sack, and that weights attached to it had broken through the bottom, so that they fell out. The remains presented a shocking spectacle indeed, but the *face* still remained so perfect that it was thought that the body must be recognized, if the deceased had any acquaintances in the city.

The body was exposed to view on the dock below Haskins and Hadley's warehouse, and was soon recognized by a number of persons, as that of JOHN DWYER, a sailor last *season* on the schr's *Harrison* and *Henry Norton*. He had been murdered, butchered, in the most horrible manner, beyond a question.

A Coroner's Jury was summoned in the afternoon by Justice Parsons, and testimony taken, the inquest not being concluded, but adjourned to till this morning, at 9 o'clock.

The body was identified by Cornelius Casey, George Fleming, and June Copner. This woman testified that Dwyer boarded with her—that he sailed on the *Harrison*—that a scar on his face by which he was easily recognized, had been noticed by her—that he left her house about a week before Christmas, to go to work chopping *wood*.—He had been gone about three weeks, when a man, Nicholas Harris, came for the clothes of the deceased. She refused to give them up without an order. In about a week the *same* man came with a note for them. Dwyer was at work at Port Ulao, chopping wood—had no money when he went away. The man who came was a German, and said they were chopping wood together—the boarders said the same man came the second time.

Several others identified the body. Two witnesses testified to having heard cries of "murder" on Walker's Point bridge one night last winter, and on going out, were told that some sailors had had a fight.

Richard Esterling testified to having seen Dwyer on the 27th of December last. Esterling had gone to Washington Co., to enter some land, and on his way found Dwyer at work chopping wood for a German who owned the pier at Ulao. Dwyer, as witness thought, had two brothers in Chicago;—was born in Canada, he thinks.

There was some evidence going to show that Dwyer intended to come back to this city in January, though no witness has yet been found who saw him after the 27th of December. The officers are busy in trying to ferret out the perpetrator of this shocking murder and butchery.

INQUEST ON THE BODY OF WM. CARROLL.—The evidence before the Coroner's Jury Saturday went strongly to prove the wound upon the neck to have been sufficient, if not to cause death, to deprive the man of the power of motion, and to show that Carroll, was first killed, or at all events, stunned, and then thrown into the river.

The Jury found the following verdict:

We find that William Carroll came to his death by violence of blows inflicted on his head and such by some person to the Jury unknown, or by an accidental fall, on or about the 12th of January, 1855.

We learn that Krueger and Meyer, who were among those arrested on suspicion of murdering Carroll, were on Saturday admitted to bail, in the sum of $10,000 each. Ald. Schutte, Ex-A. J. Humphrey, and Dr. Orton, were on Krueger's bond.

FIRE—INCENDIARISM—ARREST.—About 5 o'clock A. M., on Saturday, a fire broke out in the frame building on the corner of East Water and Buffalo sts., occupied as a dwelling and harness shop, by S. Aldred. The alarm was promptly given, and Engine No. 6, being close at hand, was soon on the ground, and kept the fire in check till Nos. 1 and 5 came up, when their joint efforts speedily extinguished the flames. The building was damaged about $150, and the contents $50 to $100.

The fire was set by design, between the clapboarding and ceiling, and immediately after it was discovered, John H. Ryan, the wide-awake constable of the third ward, discovered the old man, well known as *Miser Jones*, [who is supposed to worth be $30,000] in suspicious proximity to the building. Ryan immediately arrested him, and carried him off to jail, where he will remain till examined on the charge of arson.—Various rumors are afloat as to the supposed motives of Jones in firing this building, and his attempt to bribe the officer to let him off. These will doubtless be verified or disproved on the preliminary examination. Certainly, the public seem inclined to believe almost anything about Miser Jones.

THE PANORAMA.—*Don't* forget it to-night.—From all that we can hear and read of it, the painting is a most admirable one, and the various scenes and scenery *of different* countries finely delineated.

We expect to see a large party take passage for England and the Rhine to-night.

ANOTHER FOUNDRY.—We learn that Mr. L. L. [illegible], of the Menomonee Locomotive Foundry, has purchased some eligible lots, at the corner of Milwaukee and Juneau streets, 3d ward, and has made contracts for putting up immediately an extensive brick building, partly of 3 stories, and 100 feet square, enclosing the yard for a foundry and Machine shop, for the building of portable engines and saw mills. The enterprise is an excellent one, and the location admirable. The more of such "institutions" we have the better. Great care has been taken in planning the building so as to have the establishment complete in all its appointments.

REAL ESTATE SALES.—Caleb Wall reports the following sales of Real Estate on Friday and Saturday last. Lots 14, 15, 16, 17 & 18, Block 9[illegible], First Ward, $20,000—lots 13 and North half of lot 22, block 93, First Ward, $4500—lot 1 block 108, First Ward, $3600—lot 4, block 55, Fourth Ward, $600—lots 17 and 18, block 6[illegible], Fifth Ward, for $1050—and Blocks 33, 116 and 115 Fifth Ward for $12,000—in all $41,950.

PAINTING.—L. N. Dewey offers his services in this line to his old customers and the public generally. His reputation is excellent, and his friends numerous.

MILLINERY.—Mrs. Nevins, Wisconsin St., opposite Young's Hall, is just opening her spring stock. Her advertisement invites the ladies to call and examine it.

Young Men's Association Lectures.

The President and the Lecture Committee, to whom was referred the subject of a course of lectures respectfully submit this.

REPORT.

Immediately upon the constitution of the Committee they entered upon the duties of their appointment, but the season was already so far advanced that much difficulty was found in securing such lectures as the Committee desired, and several gentlemen, whom it was considered especially desirable to secure, declined the invitation of your committee, because it came too late. This difficulty is now removed by the change in the time of the Annual Election.

On the 5th of December, arrangements were so far completed, that advertisement was made of a proposed course of ten lectures from the following gentlemen:

JOSIAH QUINCY, Jr., of Boston.
PARKE GODWIN, of New York.
PRES'T HOPKINS, of Williams College.
REV. MR. LITTLEJOHN, of New Haven.
HORACE MANN.
JOHN G. SAXE.
REV. DR. COX.
BAYARD TAYLOR.
REV. JOHN PIERPONT.
JAMES RUSSELL LOWELL.

And the lectures were given very nearly in the order advertised, the places of Pres't Hopkins, John G. Saxe and Rev. Dr. Cox, who failed, being filled by T. Starr King, and two lectures each, by Bayard Taylor and Horace Mann; the course commencing December 9th, with Josiah Quincy, Jr., and closing April 10th, with James Russell Lowell.

Owing to circumstances that could not be controlled nor obviated by the Committee the lectures were given at *irregular* intervals, which has doubtless made their expenses larger and their receipts smaller. This difficulty will probably not occur another season.

While your Committee are not able to report so successful a result to our treasury from the recent course, as attended the course of the preceeding season, they are satisfied with the result as being equal to their expectations and well establishing the fact that a course of good lectures will sustain themselves and leave a profit to the Association.

The Committee desire here to express their thanks to the editors of the English Daily papers of the city, *from each of whom* they have received unvarying accommodation and very efficient held.

They are also under particular obligation to the *Superintendent* and Conductors of the Milwaukee & Mississippi Railroad, for repeated attentions and accomodation in matters connected with the lectures.

To the Operators and gentlemen connected with the Telegraph Office your Committee and the Association are under obligations for the free use of their lines at all times, on lecture business.

The gross expenses of the lectures this season have been	$897,30

MARINE INTELLIGENCE.

☞ The propeller Oregon arrived at Cleveland on Monday last, from Black River, says the *Herald*, having in tow the fore-and-after, J. H. Drake, owned by R. K. Winslow, of Cleveland. She was built by Wm. Jones. Measures 375 tons, custom house measurement, 137 feet keel, 135 over all, 11 feet hold, 26 beam, and will carry about 17,000 bus of wheat. She will be commanded by Capt. Waters, formerly of the schooner Scott.

☞ We learn from the Cleveland *Herald* of the 11th, that a new light has been put in the light house at the mouth of the River. It is the invention of Henry Lepaute, lens lens, flash light—full circle. The intervals of flashes has not yet been determined on. The light in the river light house last summer, has been removed to the one on the hill. It is also a lens light, half circle of glass with reflectors. Mariners will now have no difficulty in distinguishing the harbor from any other. The cost of the Lepaute Light, putting it up, &c., is about $2,500. The lamp, clock work, and everything connected with it, even to oil for the machinery, and rags to clean it with, came from France.

NEW SCHOONER.—A new schooner just built by J. L. Wolverton, for Wm. Brewster & Co., was launched on Monday in fine style. Her length of keel is 120 feet; breadth of beam 25 feet 8 inches; hold 9 feet 10 inches. She is destined for the lumber trade, and will be under command of Capt. Thomas Neff.—*Detroit Adv.*

☞ Navigation has opened for certain. On Monday last the following vessels were loading at this port: Clipper City, Gol. Glover, Transit, Challenge and Two Charlies. The steamers Pacific and Superior were here on Friday and again on Tuesday.—*Manitowoc Tribune.*

Turning State's Evidence.

The Madison Democrat, late organ of "Barstow and the Balance," alarmed at the signs of the [illegible] and [illegible] no means of escape from [illegible] wrath save by abandoning its recent [illegible] and turning State's evidence, has evidently made up its mind to the job, and now [illegible] devotes its columns to the exposure of the [illegible] and the profligate mismanagement of the [illegible] administration. Here is a sample from [illegible] paper:

[illegible] treasury; An annual expenditure of [illegible] hundred thousand dollars! a State [illegible]

[illegible] are the facts—

[illegible] indeed, as the People know to their [illegible] they know, too, that they have to [illegible] "Barstow and the Balance" for them. The annual expenditures of this State, under [illegible] and prudent management, could easily be [illegible] $250,000. Instead of that, "Barstow and the Balance" by dint of mismanagement, corruption and extravagance, have swollen [illegible] upwards of $500,000. Indeed we are [illegible] in saying that the two years of [illegible] administration will cost this State [illegible] SEVEN HUNDRED THOUSAND DOLLARS [illegible] for the exposure and defeat of [illegible] Asylum Swindle, the aggregate [illegible] been nearly ONE MILLION! [illegible] the Democrat print in italics and [illegible] attention to the startling facts:

[illegible] Treasury—Annual expenditure [illegible] hundred thousand dollars; a state [illegible]

[illegible] mark the "official" revelations [illegible] year, when the *Sentinel* proved, by [illegible] that the expenditures of 1854, were up [illegible] the *Democrat* and other Barstow [illegible] to brazen the matter out, and [illegible] aggregate down to some $225,000. [illegible] they admit, what they can no [illegible] and join in the *general* cry, pealing over the State to *stop* "the Forty thieves," [illegible] only mode of escaping themselves from [illegible] punishment which awaits [illegible] of the tribe.

The New York Tribune.

[illegible] Tuesday the 10th instant the New York Tribune was fourteen years old, having first seen the light on the 10th of April 1841. The day was appropriately celebrated by the editors, reporters and attaches of the office by a "Maine [illegible]" at the Irving House; HORACE GREELEY, the Editor-in-Chief being the guest of the [illegible] as he was to sail on the following day for Europe to be absent several months.

The Tribune on its 15th birthday, had attained an aggregate circulation of 176,810 copies, thus distributed:

Daily [illegible]	[illegible]	Weekly Tribune,	127,000
Semi-Weekly,	13,960	European,	5,000
		Special for California,	7,050

No newspaper published in this country at all approaches it—in circulation, any more than in [illegible] ability and influence. It is, indeed, the [illegible] of the *Western Continent*, and in most respects a faithful exponent of public opinion [illegible] a creditable representative of the genius of the American People.

The circulation of the *Tribune* among the several States and Territories of the Union, is thus stated, Wisconsin being *seventh* on the list:

[illegible]	8,024	New-York	58,471
New-Hampshire	5,221	New-Jersey	3,493
[illegible]	5,809	Pennsylvania	10,602

A TRUE BILL.—The Madison *Democrat*, in its newly awakened zeal for Retrenchment and Reform (the late Legislature having *effectually* [illegible] on the other tack) charges the said Legislature with appropriating $1000 to the assistant Clerks in the two Houses, in violation of [illegible] contempt of the Constitution. We [illegible] the charge well founded and do not believe that the Legislature could rightfully make any such appropriations.

Pursuing its theme, the *Democrat* asks:

What now will the hired apologist and defender of this "*model Legislature*" say? What [illegible] there for so bold a wrong—not only for the reckless extravagance manifested, but for the violation of the constitution which they were sworn to support?

We wait to hear what the Democratic Senate, which passed, and the Democratic Governor who approved these appropriations and thus participated in so bold a wrong,' have to say in answer to the home-thrust of their *quondam* friend and [illegible].

THE MILITIA IN THE FIELD—BARSTOW FOR PRESIDENT.—The Madison *Democrat* publishes the proceedings of a meeting of "the Sauk County Rifle Company and citizens of Sauk City, held [illegible] of Wm. A. Barstow," Governor, &c.—We make room for two of the resolutions adopted, as average samples of the lot:

Resolved, That we fully approve the position of the Governor in withholding his approval from the Prohibitory Liquor Bill, and his reasons [illegible].

Resolved, That in view of the fearless, patriotic manner the Hon. Wm. A. Barstow managed the affairs of the State, that we regard him worthy of *the highest office in the gift of a free people.*

Col. Crocker of Milwaukee, has been appointed by the *President one of* the Board of Visitors at West Point. The Colonel having been one of the leading members of the *defunct Jenny Lind Club*, is undoubtedly a first rate *tactician*, and the appointment may therefore be considered a good one.—[Fond du Lac Union.

We felicitate our brother of the *Union* upon his discovery that the "*Jenny Lind Club*," which has cost him so many anxious hours, is really "defunct," and sincerely hope that he may never be disturbed by its ghost.

THE MEXICAN REVOLUTION.—Advices from [illegible] the revolution is proceeding rapidly towards a conclusion—city after city in the state of Guerrero having surrendered to Alvarez—who it was supposed, would not long delay a triumphant entry into the city of Mexico.

☞ Somebody in Fond du Lac, has been inspired by Gov. BARSTOW'S Prohibitory Liquor Law Veto, and contributes some stanzas to the Union, of which we copy the closing one, as a "specimen brick:"

Then fill to the brim a generous glass,
Let the "saints" to the Samian address 'em,
[illegible], uncovered, round, round let it pass,
[illegible] to Bill Barstow and God bless him!

NO LIQUOR LICENSE IN LOUISVILLE.—The people of Louisville have voted by a large majority, that no more licenses shall be issued to drinking houses in that city. The *Journal* has no doubt, that in consequence of this vote, Louisville will become a better and more prosperous city.

FOURTH JUDICIAL CIRCUIT.—The result in this Circuit is still in doubt. Mr. Flint has 2039 majority in Fond du Lac and Winnebago, and Mr. Gorsline has 1240 majority in Sheboygan. Manitowoc and Calumet remain to be officially heard from. They have given considerable majorities for Gorsline, but whether enough to elect him, is not yet known.

SPECIE FOR THE CRIMEA.—Seventy-five tons of coin has just been put on board of a vessel at New York, bound to Constantinople, and 45 tons more are ready. It is all in German "*Kreutzers.*"

Correspondence of the Sentinel.

CHICAGO, April 12th, 1855.

MESSRS EDITORS:—Having spent the last fortnight here, I thought I would give you my *impressions* of this boasting, go-ahead city.

The principal features here at the present time, are the filthiness of the streets and the *speculative spirit* which is *rampant* all over the city.—In fact, land speculation appears to be the principal business that is carried on, although other departments are not idle. The result is, everything is up to the top notch, and the cost of doing regular business here is immense. Rents are up beyond any precedent;—the cost of living is beyond any precedent, if *we except the early* days of San Francisco. To such extent has the speculative spirit been carried, that rents are up beyond New York prices. While the newspapers are crying up the prices of corner lots, the sheriff is crying off the goods and chattels of the unfortunates who have been induced to embark *in business here by* the glorious representations of the press.

There is no inducement for mechanics, or manufacturers to come to Chicago. Wages *are fair*; but the cost of living is 50 per cent. above what it is in eastern cities. Rents of dwellings are beyond conception. The landlords calculate to receive back the cost of money in a twelve month. Hundreds are leaving for the lack of work; others because they cannot do business here at any profit. There is a *general "skinning" all* around, and as to the man of limited means, who comes here and attempts to do business, the landlords are after him for all the profits, and the sheriff *for the balance*.

If you want to see the sublimity of speculation, come to Chicago. Legitimate business is a secondary matter. From three *to five* per cent. a month is the rate for money; and as speculators pay it, and merchants, and manufacturers, and mechanics, have to pay it, so that everything is done to a disadvantage, and at a high cost.

Notwithstanding the many railroads here, there is not so much grain in store as in Milwaukee.—And when the *M. & M.* Railroad *is completed* as per contract just entered into, Milwaukee will take the trade of the upper Mississippi, as the nearest and most direct route.

There *is not* much doing in railroad construction in this state at present. The Illinois Central is finishing up. It will have to borrow and expend three or four millions more, *before it is fully* completed. Its debts, bonds issued, will reach $24,000,000 before the whole line is finished and ballasted. And to meet deficiencies on interest, above the net proceeds of the road, will require at least $10,000,000 to be borrowed in the next ten years. So that, notwithstanding the donation of 2,500,000 acres of *land*, the speculation is not going to be a heavy one, but rather a losing one—it being a north and south road, whose receipts will not compare with those *running east* west. And then there is great wastefulness and extravagance in its management and speculations out of the company, by some of those in the Direction.

The election on the Maine Law, and of Judges, takes place on the 5th of June, and excites already *considerable interest*. The *people* will sustain the Prohibitory law, and are determined to have Judges who are sound on the Wisconsin principle, with reference to the Fugitive Slave Law. O. S.

LITERARY NEWS.—General Pierce is said to be negotiating with one of the cheap-book publishers for bringing out his first work, "Nebraska-Nockings, or Campaign Catastrophes."

N. Y. CANALS.—WILLIAM J. MCALPINE, late State Engineer and Surveyor, and CHARLES COOK late Canal Commissioner, propose to contract with ample security, to *keep all the canals* in the State in good repair, for the sum of $700,000 per annum. This is $432,000 less than it cost the State last year, and would be a saving to the State in ten years of four and a third millions of dollars.

News from California, Oregon, Utah &c.

CALIFORNIA.—The Sunday bill prohibiting barbarous and noisy amusements on the Lord's day, had passed both branches of the Legislature and gone to the Governor for his signature.

A *bill to prohibit public gambling* would very likely pass the Legislature; and the friends of temperance were not without hope of *obtaining* the passage of a prohibitory liquor law at the present session.

A bill to prohibit raffles, lotteries and gift enterprises had passed the House. The bill *suppressing* houses of ill fame had passed both Houses.

OREGON CONGRESSIONAL DELEGATES.—A Whig Territorial Convention is called to meet at Corvallis on the 18th of April, to nominate a candidate for Delegate to Congress. The Democratic Convention is to be held at Salem on the 11th of April. The election takes place in June. On the side of the Democrats, General Lane, the *present* delegate, Judge O. C. Pratt, and Dr. Drew, are candidates for the nomination. Quite a sharp warfare is going on between the *friends* of *Pratt* and Lane. Dr. Drew is from Umpqua County, and is the candidate of Southern Oregon.

Resolutions have been introduced in the Oregon Legislature, censuring the Pacific Mail Steamship Co. for their mismanagement of the mail service.

UTAH.—THE MORMONS.—Advices are, *via* San Francisco, to Feb. 7. The Eastern mail arrived at Salt Lake City on the evening of Feb. 6—This arrival brought intelligence of the appointment of Colonel Steptoe as Governor of the Territory, vice, Brigham Young, Harris, Secretary, vice, A. W. Babbitt, and *some* other changes.—The news took the Mormons by surprise, but our informant thinks no open opposition would be exhibited.

On New-Year's Day quite a serious collision took place between the United States soldiers and the citizens at a drinking shop. Fire-arms were freely used, and seven or eight persons were shot, but fortunately none of them were killed. Two *of the soldiers were severely wounded, and* for a time it was thought they could not recover. The Mormons ordered out the "Legion," threatening to destroy the whole batalion of United States troops in the city under Col. Steptoe.—The three companies of United States troops were quickly under arms—they strengthened their position, and waited for the assault of the "Legion," which was every moment expected. *This state of quasi warfare lasted for three days*, when calmer counsels prevailed and hostilities ceased. As the affair grew out of a drunken fit, an order was issued by the civil authorities forbidding the further sale of ardent spirits in the City.

The Territorial Legislature of Utah, at their *late session, passed an act organizing* Carson Valley into a county of that name. They adjourned Jan. 19. They had appointed one Styles as District Judge, and Orson Hyde as Probate Judge of the county. From the temper of the inhabitants of Carson Valley, very few of whom are Mormons and most of whom have applied to be incorporated into the State of California, it is probable these appointments would *be received with little favor. Styles is* notoriously incompetent, besides being very dissipated. *Orson Hyde is President of the* "Twelve Apostles," and is one of the leaders of Mormonism.—Among other legislation, was the passage of an act called the "Gift law," by which the faithful are to vest all their real and personal estate of every kind in Brigham Young.

HEN INVENTION.—One of the most serious obstacles in the way of keeping hens about the house, has been their hitherto unconquerable predilection for scratching up gardens. We *learn from the Oswego Palladium, that an ingenious* Yankee has at length discovered a remedy for this difficulty, and is taking measures to introduce it into general use. It consists of a small instrument somewhat resembling a very long spur, attached to the hind part of a hen's leg.—The instrument is so arranged, that when the hen is about to scratch the earth, the spur catches in the ground before the foot has fairly descended, and obliges her to bring the foot down quietly and harmlessly, a little in front of the place she had aimed at. The hen thereupon tries the other foot, with a like result. She keeps on trying, and before she is aware of it, the machine has walked her *right out of the garden*.—[Detroit Advertiser.

A STRANGE BIRD.—We cut the following from a city exchange:

The scoundrel who took the canary with a pug nose, red face, and a light overcoat, is requested to return it immediately to 28 Willow street, as the bird is a valuable one, from whom no *questions will be asked.*"

WINTER WHEAT.—Passing over a portion of the eastern part of this County within a few days, we were led to make inquiries of the *farmers* as to the prospect of the present crop of winter wheat, and received the almost universal reply that it was in fine condition, and indicated an abundant yield the coming season. Some *fields* are already beautifully mantled in green verdure.—[Jeffersonian.

MARQUETTE, April 11th, '55.

MESSRS. EDITORS:—I have not received the official returns of this county on the election of Judge, but I think you may safely set this county down at from 5 to 800 majority for Cole, certainly not less than 500, but I think it will be nearer the latter figures.

Yours Truly, M.

Correspondence of the Sentinel.

Adams Co.—A Unanimous Town.

A subscriber writes us from Mauston, Adams Co., that he went to the polls about noon of the day of election, and finding that no votes had been cast for Judge, he set himself at work writing ballots for Orsamus Cole. He says:

"Our town has never polled but 33 votes at a town meeting before. We now polled 99 votes; Cole got 84 votes, and Crawford *none*. I think Cole would have got the 99, if I had been there all day, but some had voted and gone home."

It was a good day's work for a true Republican, and shews what one man can accomplish when he goes earnestly at work in a good cause.

ANOTHER MURDER.—*We received last evening* the following note from Racine, relative to the body found at that place recently, and supposed for some time to be that of Carroll:

RACINE, April 14th.

MESSRS EDITORS:—The body found here the other day at the foot of 5th street, has been identified as the body of James Flanigan, resident of Milwaukee. His clothes were found about three miles north, on the Lake Shore. He was wounded by a bullet in his chin, which knocked some of his teeth out. He was stabbed in several places on his body. There is no doubt but that he was murdered. The verdict of the Coroner's Jury will be given to-night, and will probably be in the form of all verdicts where they know nothing about it—"found dead," and looking suspicious of murder.

Sabbath School Missionary Labors in Wisconsin.

By the American Sunday School Union.

MESSRS. EDITORS: In the absence of the Annual Meeting of the Wisconsin S. S. Union for the past year, through which the Sabbath School Missionaries in our State have severally reported their labors, permit the undersigned, thro' your journal, to lay before your readers a condensed view of the labors of the S. S. Missionaries in Wisconsin, since the 1st of February, 1854, to the 31st of March, 1855, and a few reasons for the vigorous prosecution of this *pioneer* work, the planting of the S. S. at the earliest period possible in our new settlements, and the supplying of the settlements with moral and religious reading, either by sale, or *donation*, in part, and to ask their symathies, that the S. S. Missionaries may receive a *hearty* welcome, and secondly, all the *material aid* they can render, that the implements (the S. S. Library) may be placed in the hands of the S. S. Missionaries to organize a S. School in every settlement, when the number of children and youth will warrant it, and lastly, to request their prayers for the S. S. Missionary in his laborious and self-denying work, and the millions of pages of S. S. reading scattered by them and read by tens of thousands of children and parents may, by the blessing of our Heavenly Father, be as seed sown on good ground, that shall bring forth good fruit, some thirty, some sixty, and some an hundred fold.

There have been engaged during the past season, eight Missionaries, from *one* to *twelve* months. Aggregate am't of service *four years*.

The No. of new schools organized	125	
" " " assisted and visited	250	375
The No. of scholars in new schools	4,407	
" " " " old "	12,224	16,631
" " " teachers in new and old schools		2,111
Am't sold by Miss., and at Depository in Milwaukee	$2,708,73	
Am't donated to new and old schools,	$1,230,54	$3,939,27

Which is equal to 30,000 *volumes of* 190 *pages*, or 7,410,000 *pages* of religious and moral reading matter. No. of families visited, 2,547. 371 addresses delivered to Day and Sabbath schools and *congregations*. To accomplish the above work the S. S. Missionaries have traveled in all weather, early and late, 10,300 miles.

To meet the am't donated $1,230,54, by the S. S. Missionaries the past year to the old and new schools, we have received from individuals, S. Schools and Churches less than $650, leaving a balance of $580 to be met as usual by Sabbath Schools and the friends of Christ at the East through the American S. S. Union.

WORK TO BE DONE.—At least 150 *settlements* in our State, now destitute of the S. S., ought to be supplied the present season, and double that number of old schools need further assistance to give them permanency and efficiency. To supply these 450 Schools with a proper am't to secure success to the effort we will need to donate at least $1,250. *This, added to am't* that would be purchased, we would be able to put in circulation in these 450 *settlements* near $4,000 worth of religious literature, *unequalled in adaptation, talent and spirituality.*

Dear Brethren and Sisters in Christ: We ask you to give the subject the thought and attention which its importance demands, that the tens of thousands of youth in our state, *out of* the S. S., may be gathered in to the *nurseries of piety*, and "taught the *fear* of the *Lord*," and that a taste may be cultivated for that kind of reading that will enlighten the mind and elevate the affections, and arm them as true men, in the defense of Temperance, Righteousness and Civil and Religious Liberty to all.

In view of the above and what has been done by the East for the last twelve years in supplying Missionaries with Sabbath School literature through the American S. S. Union and the urgent necessity of prosecuting the work with increased zeal and energy to meet the rapid advance of emigratoin north of the Fox, on the line of the Wolf, Upper Wisconsin, Lemonweir, La Crosse, Black and Chippewa Rivers, and give them the S. School and S. S. Library.

We make an appeal to the friends of Christ and of the moral and religious instruction of the youthful masses *in our State*, to give the S. School Missionary cause a time and place in their list of benevolent benefactions, second to none, save the preaching of the Gospel by the living ministry.

This is truly the work of *home* evangelization, a caring for our own household, and escaping the reproach of being "worse than an infidel."

Donations may be sent to the undersigned 30 Spring st., Milwaukee, or the Rev. B. G. Church, Wyoming, Iowa Co., Wis.

Agent of Am. S. S. Union.

False Representations and Facts.

The Port Washington *Zeitung*, a German paper, which we have always supposed to be a straight forward anti-Barstow organ, came out last week, under the black flag, and was subservient to the dictates of the few of the "Balance" who inhabit these parts.

Its columns of last week seem to be almost entirely devoted to the results *of the election*, and very foolishly equivocates from the truth by calling it a "Republican victory." We assert that there is not an honest man, be he German or American, but what will pronounce the *Zeitung* in error, and give it its right and proper name—an issue made by the Know-Nothing Germans *in order to elect a straight German ticket.* But it appears their plans were not successful in obtaining their ends. *Democrats*, Whigs, Republicans, *irrespective of party*, polled together, the result of which was the entire defeat of the Know-Nothing, Barstow ticket, and the election of the people's ticket, which a few of the Germans, who had good sense enough to act like Americans, proving that they would stand by the *American flag*, either in peace or war, put their shoulder to the wheel, and with right good earnest, helped to achieve this glorious victory.

The scanty remains of the "Balance" can now meditate with their heads cut off, and we doubt if ever they rally under that *detestable* flag again, but as eager politicians they will no doubt make an effort to scale the walls of Pure Democracy, and sneak in at some window, in hopes that by *future* good behaviour, they may yet succeed in obtaining some petty office at the hands of honest men.—[Ozaukee Advertiser (dem.)

The Legislature Adjourned—Another Prohibitory Law Vetoed.

From Hon. Wm. Cole, member of the Assembly from the *Beetown district*, who passed through this place on his way home, Tuesday evening, we learn that the Legislature adjourned on Monday morning last. Also, that the Governor, on the Saturday previous, sent in his veto of the new Probibitory Liquor bill. This bill was framed, according to the judgement of prominent lawyers about the Capital, *so as to do away* with the objections of the executive in his previous veto message on this subject. But *Satan like*, he persists in his exertions to spread disease and death among mankind; violates the wishes of a majority of the people, and the same twice expressed by the Legislature. There is a deep, yet hidden meaning in all this, a plot intended to sway the people, as the wind doth a reed, but in which *their* utter extermination is inevitable.

When this same Governor was a candidate for the office he now *holds*, he wrote a *letter*, saying; "If a majority of the electors vote in favor of such a law and the representatives of *the people* pass a constitutional act, I shall feel it my duty to, and will approve the same." What he considered a *constitutional* act will probably never come to light, and when he penned those lines he intended it never should; he played his cards well, and thereby secured his election. His supporters then, many of them at least, turn a cold sholder to him now; he has shown his hand too openly on the side of despotism. No Prohibitory Liquor Law can be approved by him—his veto of the Janesville city charter is a sufficient guaranty of this fact, the obnoxious part being a provision for liquor prohibition in that city.

We do not intend our sayings in favor of temperance to be construed as antagonistic to those expressing opposite opinions, but *to the men* whom we put sufficient confidence in to place in their hands the responsible trust of giving us wholesome laws; and it is when that trust is wantonly violated, that we make war against them and their acts. Such is the unenvious position of "Barstow and the Balance" at the present time.—[Potosi Republican (Dem.)

GREAT INCREASE OF TRAVEL.—The Sunday police of Rochester say they never saw so much Sunday traveling as there is now-a-days. Carpet bags and valises are moving in all directions. Occasionally they meet an old "bruiser," with his valise in hand, who has wrestled there in Rochester for a quarter of a century with "Old Alcohol," and hail him familiarly by his name. No answer is received—he is a total stranger in town—don't know the police and don't want to know them. Such travelers, however, very often towards evening, on Sunday, become more familiar with the police; and after losing their baggage sleep in the watch house.

Another Body Found in the River, and Another Murder!

It does seem as if the last winter has been indeed a season of terrible crimes, for the river and lake are almost daily giving up the mangled bodies of men who have been deprived of life by foul violence.

On Saturday, some men at work in the shipyard near the bend of the river, discovered a singular looking object floating, which was ascertained to be the head of a human body. It was drawn ashore, and found to be the head and trunk of a man, much decomposed, and seeming to have been in the water about 3 months. The mangled remains had been placed in a cotton bag, and this again enclosed in a large coffee bag, which was tied fast, by a sailors knot, around the neck of the body. A deep cut, with a sharp instrument, had been made through the skull and brain, the throad was cut, as if by an axe, the bones of the neck showing the cut, and both legs were hewed off, close to the trunk. It seems quite probable that the legs had been placed in the sack, and that weights attached to it had broken through the bottom, so that they fell out. The remains presented a shocking spectacle indeed, but the *face* still *remained* so perfect that it was thought that the body must be recognized, if the deceased had any acquaintances in the city.

The body was exposed to view on the dock below Haskins and Hadley's warehouse, and was soon recognized by a number of persons, as that of JOHN DWYER, a sailor last *season* on the schr's *Harrison* and *Henry Norton*. He had been murdered, butchered, in the most horrible manner, beyond a question.

A Coroner's Jury was summoned in the afternoon by Justice Parsons, and testimony taken, the inquest not being concluded, but adjourned to this morning, at 9 o'clock.

The body was identified by Cornelius Casey, George Fleming, and June Copner. This woman testified that Dwyer boarded with her—that he sailed on the *Harrison*—that *a scar on his face* by which he was easily recognized, had been noticed by her—that he left her house about a week before Christmas, to go to work chopping *wood*.—He had been gone about three weeks, when a man, Nicholas Harris, came for the clothes of the deceased. She refused to give them up without an order. In about a week the *same* man came with a note for them. Dwyer was at work at Port Ulao, chopping wood—had no money when he went away. The man who came was a German, and said they were chopping wood together—the boarders said the same man came the second time.

Several others identified the body. Two witnesses testified to having heard cries of "murder" on Walker's Point bridge one night last winter, and on going out, were told that some sailors had had a fight.

Richard Esterling testified to having seen Dwyer on the 27th of December last. Esterling had gone to Washington Co., to enter some land, and on his way found Dwyer at work chopping wood for a German who owned the pier at Ulao. Dwyer has, witness thought, two brothers in Chicago—was born in Canada, he thinks.

There was some evidence going to show that Dwyer intended to come back to this city in January, though no witness has yet been found who saw him after the 27th of December. The officers are busy in trying to ferret out the perpetrator of this shocking murder and butchery.

INQUEST ON THE BODY OF WM. CARROLL.—The evidence before the Coroner's Jury Saturday went strongly to prove the wound upon the neck to have been sufficient, if not to cause death, to deprive the man of the power of motion, and to show that Carroll, was first killed, or at all events, stunned, and then thrown into the river. The Jury found the following verdict:

We find that William Carroll came to his death by violence of blows inflicted on his head and such by some person to the Jury unknown, or by an accidental fall, on or about the 12th of January, 1855.

We learn that Krueger and Meyer, who were among those arrested on suspicion of murdering Carroll, were on Saturday admitted to bail, in the sum of $10,000 each. Ald. Schutte, Ex-Ald. Humphrey, and Dr. Orton, were on Krueger's bond.

FIRE—INCENDIARISM—ARREST.—About 5 o'clock A. M., on Saturday, a fire broke out in the frame building on the corner of East Water and Buffalo sts., occupied as a dwelling and harness shop, by S. Aldred. The alarm was promptly given, and Engine No. 6, being close at hand, was soon on the ground, and kept the fire in check till Nos. 1 and 5 came up, when their joint efforts speedily extinguished the flames. The building was damaged about $150, and the contents $50 to $100.

The fire was set by design, between the clapboarding and ceiling, and immediately after it was discovered, John H. Ryan, the wide-awake constable of the third ward, discovered the old man, well known as *Miser Jones*, [who is supposed to worth be $30,000] in suspicious proximity to the building. Ryan immediately arrested him, and carried him off to jail, where he will remain till examined on the charge of arson.—Various rumors are afloat as to the supposed motives of Jones in firing this building, and his attempt to bribe *the officer to let him off*. These will doubtless be verified or disproved on the preliminary examination. Certainly, the public seem inclined to believe almost anything about Miser Jones.

THE PANORAMA.—*Don't forget it to-night.*—From all that we can hear and read of it, the painting is a most admirable one, and the various scenes and scenery of *different countries* finely delineated.

We expect to see a large party take passage for England and the Rhine to-night.

ANOTHER FOUNDRY.—We learn that Mr. L. L. [illegible], of the Menomonee Locomotive Foundry, has purchased some eligible lots, at the corner of Milwaukee and Juneau streets, 3d ward, and has made contracts for putting up immediately an extensive brick building, partly of 3 stories, and 1[illegible]0 feet square, enclosing the yard for a foundry and Machine shop, for the building of portable engines and saw mills. The enterprise is an excellent one, and the location admirable. The more of such "institutions" we have the better. Great care has been taken in planning the building so as to have the establishment complete in all its appointments.

REAL ESTATE SALES.—Caleb Wall reports the following sales of Real Estate on Friday and Saturday last. Lots 14, 15, 16, 17 & 18, Block 93, First Ward, $20,000—lots 13 and North half of lot 22, block 93, First Ward, $4500—lot 1 block 108, First Ward, $3800—lot 4, block 5, Fourth Ward, $600—lots 17 and 18, block 6, Fifth Ward, for $1050—and Blocks 33, 116 and 115 Fifth Ward for $12,000—in all $41,950.

PAINTING.—L. N. DEWEY offers his services in this line to his old customers and the public generally. His reputation is excellent, and his friends numerous.

MILLINERY.—Mrs. NEVINS, Wisconsin St., opposite Young's Hall, is just opening her spring stock. Her advertisement invites the ladies to call and examine it.

The President and the Lecture Committee, to whom was referred the subject of a course of lectures respectfully submit this.

REPORT.

Immediately upon the constitution of the Committee they entered upon the duties of their appointment, but the season was already so far advanced that much difficulty was found in securing such lecturers as the Committee desired, and several gentlemen, whom it was considered especially desirable to secure, declined the invitation *of your committee, because it came too late*. This difficulty is now removed by the change in the time of the Annual Election.

On the 5th of December, arrangements were so far completed, that advertisement was made of a proposed course of ten lectures from the following gentlemen:

JOSIAH QUINCY, JR., of Boston.
PARKE GODWIN, of New York.
PRES'T HOPKINS, of Williams College.
REV. MR. LITTLEJOHN, of New Haven.
HORACE MANN.
JOHN G. SAXE.
REV. DR. COX.
BAYARD TAYLOR.
REV. JOHN PIERPONT.
JAMES RUSSELL LOWELL.

And the lectures were given very nearly in the order advertised, the places of Pres't Hopkins, John G. Saxe and Rev. Dr. Cox, who failed, being filled by T. Starr King, and two lectures each, by Bayard Taylor and Horace Mann; the course commencing December 9th, with Josiah Quincy, Jr., and closing April 10th, with James Russell Lowell.

Owing to circumstances that could not be controlled nor obviated by the Committee, the lectures were given at *irregular intervals*, which has doubtless made their expenses larger and their receipts smaller. This difficulty will probably not occur another season.

While your Committee are not able to report so successful a result to our treasury from the recent course, as attended the course of the *preceding season*, they are satisfied with the result as being equal to their expectations and well establishing the fact that a course of good lectures will sustain themselves and leave a profit to the Association.

The Committee desire here to express their thanks to the editors of the English Daily papers of the city, *from each of whom they have* received unvarying accommodation and very efficient help.

They are also under particular obligation to the Superintendent and Conductors of the Milwaukee & Mississippi Railroad, for repeated attentions and accomodation in matters connected with the lectures.

To the Operators and gentlemen connected with the Telegraph Office your Committee and the Association are under obligations for the free use of their lines at all times, on lecture business.

The gross expenses of the lectures this season have been	$897,30
The gross receipts have been	$1,255,46

The following is a more particular statement of the receipts and expenditures:*

MARINE INTELLIGENCE.

☞ The propeller Oregon arrived at Cleveland on Monday last, from Black River, says the *Herald*, having in tow the fore-and-after, J. H. Drake, owned by E. K. Winslow, of Cleveland. She was built by Wm. Jones. Measures 375 tons, custom house measurement, 137 feet keel, 135 over all, 11 feet hold, 26 beam, and will carry about 17,000 bus of wheat. She will be commanded by Capt. Waters, formerly of the schooner Scott.

☞ We learn from the Cleveland *Herald* of the 11th, that a new light has been put in the light house at the mouth of the River. It is the invention of Henry Lepaute, its lens, flash light—full circle. The intervals of flashes has not yet been determined on. The light in the river light house last summer, has been removed to the one on the hill. It is also a lens light, half a circle of lens with reflectors. Mariners will now have no difficulty in distinguishing the harbor from any other. The cost of the Lepaute Light, putting it up, &c., is about $3,500. The lamp, clock work, and everything connected with it, even to oil for the machinery, and rags to clean it with, came from France.

NEW SCHOONER.—A new schooner just built by J. L. Wolverton, for Wm. Brewster & Co., was launched on Monday in fine style. Her length of keel is 120 feet; breadth of beam 25 feet 8 inches; hold 9 feet ten inches. She is destined for the lumber trade, and will be under command of Capt. Thomas Nell.—*Detroit Adv.*

☞ Navigation has opened for certain. On Monday last the following vessels were loading at this port: Clipper City, Col. Glover, Transit, Challenge and Two Charlies. The steamers Pacific and Superior were here on Friday and again on Tuesday.—*Manitowoc Tribune.*

MORTGAGE SALE.

DEFAULTS having been made in the condition of a certain Mortgage, bearing date twelfth day of March, A. D. 1836 made by David B. Hollister and Benjamin H. Edgerton, of Milwaukee, Wisconsin, (then Territory of Michigan) parties of the first part, to James D. Doty, of Menasha, in Wisconsin (then of Green Bay in said Territory) and which mortgage was duly acknowledged and recorded in the office of Register of Deeds of Milwaukee County, on the eleventh (11) day of April, A. D. 1836, at seven (7) o'clock P. M., and recorded in volume "A," pages 259 and 261, and which mortgage was assigned to Charles Doty on the 23d day of January, 1854, who is now the holder and owner of the same. The said mortgage was given to secure the payment of five thousand dollars according to the condition of two promissory notes in writing bearing even date with said Mortgage, and executed by said D. B. Hollister and B. H. Edgerton, and that the sum of one thousand and two hundred and sixteen dollars and fifteen cents is now due up on said mortgage at the date of this notice.

The premises mortgaged to secure the said debts are described as follows, to wit: one equal undivided fifth part of the equal undivided moiety and half part of the north half of the north east fractional quarter of section number thirty two, in township number seven, north in range twenty two east of the fourth principal meridian, containing forty four and 79-100 acres situate, lying and being on the Milwaukee river, also the equal undivided fourth part and share of lot numbered three in the south east fractional quarter of the aforesaid section numbered thirty two, containing fifty seven and 00-100 acres.

Now, therefore, no suit or proceeding having been instituted at law to recover the debts now remaining secured by such mortgage or any part thereof, Notice is hereby given, that pursuant to and by virtue of a power of sale contained therein, said mortgaged premises will be sold at public auction, at the office of the Register of Deeds in and for the County of Milwaukee, on Thursday the thirty first (31st) day of May, A. D. 1855 at ten o'clock in the forenoon of that day. CHARLES DOTY,

Additional by the America.

New York, April 14

The main interest of the *America's* news centres on the Vienna Conference. The momentous third point (reduction of the Russian navy in the Black Sea) stopped progress and the Russian Plenipotentiary had to refer to head-quarters at St Petersburgh, for further instructions. The demolition of Sebastopol was not demanded, but a reduction of Russian power in the Black Sea was called for, the recompense being the withdrawal of the Allies from Russian territory. Gortschakoff said he had no instructions to treat on such a matter, and remitted to St. Petersburgh, when a reply was anxiously looked for.

M Drouyn De L'Huys, French Minister of Foreign Affairs, had been in London to consult with the British Cabinet and would proceed to Vienna with the conjoint determination of the Allies, on the third point.

The condition of the Allied troops had greatly improved, but they are making no headway with the siege operations.

The Paris Presse states that the Allies have consented to a truce. Other papers deny this supposition. Some British steamers had destroyed some important works lately occupied by the Russians, on the coast of Georgia.

Parliament had adjourned over the Easter holidays to the 16th inst.

A new Belgian Ministry had been formed.—Vienna papers state that Spain and Portugal had joined the Western Powers, but needs confirmation. The difficulties between Austria and Prussia are increasing. Prussia has issued a very hostile circular in regard to the demons of Austria.

CHINA.—Shanghai dates to Feb 26th, mention frequent attacks by the French, and their repulse by the insurgents, who were making headway at Canton.

SPAIN.—Espartero, the Prime Minister, had resisted some urgent demands upon him by the members of the military classes, for a democratic modification of the ministry.

LIVERPOOL BREADSTUFFS.—The Circular reports a moderate business in wheat—1d a 2d lower.—Flour sold to a fair extent at a reduction of 6d; Indian corn in good request, mixed and yellow firm but white scarce. Western canal flour 36s39s, according to quality.

Baltimore and Philadelphia 42s a 43s 6d for old, 38s a 40s for new. Ohio nominally, 39s a 44s.—White wheat 11s6d a 12s3d. Red and mixed 10s a 10s9d. Mixed corn 42s6d, yellow 43s, white 42s a 43s.

LIVERPOOL PROVISION MARKET.—Beef and pork depressed; bacon quiet and 1d lower; Lard firm at 45s. tallow unchanged.

New Orleans, April 13

Later from California.—The st'mr *Prometheus* arrived with San Francisco dates 24th, business generally dull, although rains had much improved the prospects of miners.

Page, Bacon & Co., would resume on the 29th. The failures of Dr. Wright of the Miners' Bank, and Adams & Co., were bad. Ex-Banker Robinson has been indicted for robbery.

From Havana.

New York, 14th

Letters say that Senor Ganadas, who is in prison, claims to be a citizen of the U S, and that several others were in prison. Also that the death of three more distinguished persons has been determined on, while many are ordered into exile.

WELLAND CANAL.

It will be seen by the following telegraph despatch, that the Welland Canal was to be open for the passage of vessels on the 16th.

St Catharines, April 7, 1855

WILLIAM BALDWIN—Sir:—Will commence filling canal on 11th, and will be ready to pass vessels on the 16th.

W. D. WOODRUFF, Collector.

GREEN BAY AND MACKINAC.—The Green Bay *Advocate* of the 12th states, that the river opened on the 9th, but the Bay is closed, tho' expected to break up within the week. The *Advocate* says:

A letter from Mackinac dated March 31, received by a gentleman of that place, states that the snow upon the ice at that place was so deep that it was impossible to travel over it.—The strength of the ice, up to that time, was, of course, unimpaired, but the subsequent warm weather has probably made extensive inroads upon it.

SPECIAL NOTICES.

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs became much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical.—She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends. At this crisis Mr. Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent medicine for young females with obstructions in their health entering into womanhood.

WE HAVE HEARD OF IT EVERY WHERE.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are.—From the first introduction those individuals who have used it become living advertisements for it. While should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in daily paper.

New York, April 14

The main interest of the America's news centres on the Vienna Conference. The momentous third point (reduction of the Russian navy in the Black Sea) stopped progress and the Russian Plenipotentiary had to refer to head-quarters at St Petersburgh, for further instructions. The demolition of Sebastopol was not demanded, but a reduction of Russian power in the Black Sea was called for, the recompense being the withdrawal of the Allies from Russian territory Gortschakoff said he had no instructions to treat on such a matter, and remitted to St. Petersburgh, when a reply was anxiously looked for

M Drouyn De L'Huys, French Minister of Foreign Affairs, had been in London to consult with the British Cabinet and would proceed to Vienna with the conjoint determination of the Allies, on the third point.

The condition of the Allied troops had greatly improved, but they are making no headway with the siege operations.

The Paris Presse states that the Allies have consented to a truce. Other papers deny this supposition Some British steamers had destroyed some important works lately occupied by the Russians, on the coast of Georgia

Parliament had adjourned over the Easter holidays to the 16th inst

A new Belgian Ministry had been formed — Vienna papers state that Spain and Portugal had joined the Western Powers, but needs confirmation The difficulties between Austria and Prussia are increasing Prussia has issued a very hostile circular in regard to the demands of Austria.

CHINA—Shanghai dates to Feb 20th, mention frequent attacks by the French, and their repulse by the insurgents, who were making headway at Canton

SPAIN—Espartero, the Prime Minister, had resisted some urgent demands upon him by the members of the military classes, for a democratic modification of the ministry

LIVERPOOL BREADSTUFFS—The Circular reports a moderate business in wheat—1da2d lower — Flour sold to a fair extent at a reduction of 6d; Indian corn in good request, mixed and yellow firm but white scarce Western canal flour 36a39s, according to quality.

Baltimore and Philadelphia 42sa43s6d for old, 38sa40s for new Ohio nominally, 39sa44s — White wheat 11s6da12s3d Red and mixed 10s a10s9d. Mixed corn 42s6d, yellow 43s, white 42sa43s

LIVERPOOL PROVISION MARKET — Beef and pork depressed; bacon quiet and 1d lower; Lard firm at 45s tallow unchanged

New Orleans, April 13

Later from California —The st'mr Prometheus arrived with San Francisco dates 24th, business generally dull, although rains had much improved the prospects of miners

Page, Bacon & Co, would resume on the 29th. The failures of Dr. Wright of the Miners' Bank, and Adams & Co., were bad Ex-Banker Robinson has been indicted for robbery.

GREEN BAY AND MACKINAC—The Green Bay Advocate of the 12th states, that the river opened on the 9th, but the Bay is closed, tho' expected to break up within the week The Advocate says

A letter from Mackinac dated March 31, received by a gentleman of that place, states that the snow upon the ice at that place was so deep that it was impossible to travel over it.—The strength of the ice, up to that time, was, of course, unimpaired, but the subsequent warm weather has probably made extensive inroads upon it.

SPECIAL NOTICES.

Female Complaints Effectually Cured by Holloway's Pills —Mrs. Mary Pearson, of Market st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs became much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical — She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends At this crisis Mrs Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well They are an excellent medicine for young females with obstructions in their health entering into womanhood

WE HAVE HEARD OF IT EVERY WHERE.—The reputation of Dr A. L Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are —From its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORtable inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, ONE or FOUR copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed Instructions, for ALL to use, and will last sufficiently long to obtain Five Hundred distinct Impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

PRICE—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

N. HUBBELL, 167 Broadway, N. Y.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas, and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr. Hews, Agent at New York:

New York, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Warroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, *I am free to acknowledge*, that *for certainty and elasticity* of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

PATENT MEDICINES.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this *contribution of Chemistry to the Healing Art.* A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my *American Almanac*, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S.C., Aug. 4, '53.

DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect.
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,
CHAS. STREATER, M. D.

MEXICAN MUSTANG LINIMENT.

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflamations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

PATENT MEDICINES.

A CURE FOR ALL!!

HOLLOWAY'S OINTMENT

Citizens of the Union:—

You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short period. THOMAS HOLLOWAY,

35, *Corner of Ann and Nassau Streets, New York.*

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (*not of a cancerous nature,*) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who know us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov. 9th, 1853. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore-throat
Bad Breasts	Stiff Joints	Piles	Skin-diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads
Chilblains	Glandular-	Scalds	Ulcers
Chapped hands	swellings	Sore nipples	Wounds.

*** Sold at the establishment of Professor HOLLOWAY, 38, Corner of Ann and Nassau Streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United states, in Pots, at 37½ cents, 87 cents, and $1.50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

S. JOHNSON, Jr., Wholesale Agent for Holloway's medicines, for the State of Wisconsin, 161 East water st., Milwaukee. Jly24d&w

In Randolph, Columbia county, on the 25th ult., LAURA, only daughter of Lydia H. and the late Joseph Kerr, aged 12 years.

At Juneau, on the 1st inst., from an injury received by being thrown from a cutter, Mr. JOHN ACKERMAN, late of Beaver Dam.

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the [illegible] of the States and Territories for the entire cure of Liver Complaints in all stages, Billious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

G. B. Scott, General Agent, No. 67 Randolph-st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORtable Inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, ONE or FOUR copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed Instructions, for ALL to use, and will last sufficiently long to obtain Five Hundred distinct Impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

PRICE—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

N. HUBBELL, 167 Broadway, N. Y.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by George Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr. Hews, Agent at New York:

NEW YORK, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, *I am free to acknowledge, that for certainty and elasticity* of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this *contribution of Chemistry to the Healing Art.* A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S.C., Aug. 4, '53.

DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect.

J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1853.

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

CHAS. STREATER, M. D.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the *circle of its influence.*

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

Is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions.

can generally be removed in a few days—and the worst cases can be cured in *a few weeks at the farthermost.* Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,

Therefore the *largest bottles are the cheapest*

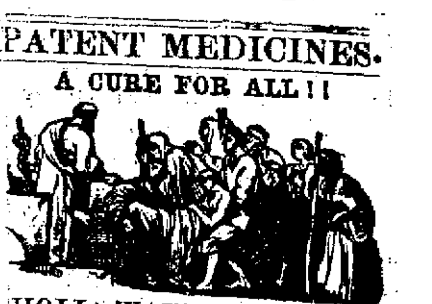
A CURE FOR ALL!!



HOLLOWAY'S OINTMENT

Citizens of the Union:—

You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two *years since I made it known among you, and already, it has* obtained more celebrity than any other Medicine in so short period.

THOMAS HOLLOWAY,

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who know us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov. 9th, 1853. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in *most of the following cases:*—

Bad Legs
Bad Breasts
